PREFACE

Canton is located in the Western part of North Carolina in the heart of the Great Smoky Mountains, and in the East Central section of Haywood County on Highways 19-23 at Junction of State Highway 110, intersecting with Highway 276 going to Pisgah and the Pink Beds.

The city is protected from extreme temperature in winter and summer by the nearby mountain peaks that rise thousands of feet in height. It enjoys a year round climate that is unexcelled anywhere. The difference between the mean July temperature and that of January is only 33.5 degrees, while the difference between the annual mean temperature and that of July is only 17.1 degrees. Canton is also protected from the storms of the Middle Western Plains. The summer nights are cooled by the mountain breezes and the temperature frequently ranges as low as 20 degrees lower than that of midday.

The average date last killing frost in spring is April 15th; average date first killing frost in fall is October 20th.

GOVERNMENT

The Town of Canton has been under the City Council form of Government since its incorporation. There is a Mayor and three members of the Board of Aldermen. An efficient police force is maintained, and the town is protected from fire by a volunteer department.

The Town of Canton was first known as Pigeon Ford, until 1891, when it was incorporated as "Pigeon River" and in 1905 the charter was amended to "Town of Canton."

EDUCATION AND RELIGION

The Town of Canton has six substantially built schools, five graded, one Junior High and one High School, all for white, one colored school, grades and High School, (all having the highest state rating), and a number of churches representing the following denominations: Methodist, Baptist, Presbyterian, Catholic, Episcopal, and Holiness. There are also three churches for colored.

Recreational and vocational training can be obtained through the Champion Y.M.C.A. There is a Branch of Columbia University located near Canton known as Springdale Schools, Inc.

RECREATIONAL

Within a radius of a few miles is located Lake Junaluska, the vacation and conference center of the South for Southern Methodists, and Lake Logan, where large acreage is given over to hunting and fishing, general camping and outings. Camp Hope, which has been operated by the Champion Y.M.C.A. for several years and which is located within a few miles of Canton, is undoubtedly one of the best camps in this

section of the state, having all modern facilities, and continues under the supervision of the Champion Y.M.C.A., which boasts a membership in excess of three thousand.

INDUSTRY

Canton is essentially the "Home of Industry." It has within its boundaries one of the largest pulp and paper plants in the world owned and operated by the Champion Paper & Fibre Company. The daily output of the plant is 625 tons of Pine Pulp, 275 tons of Hardwood Pulp, 450 tons of Paper, 225 tons of paperboard, 80 tons of Caustic Soda, 25 tons of Tall Oil and 1000 gallons of Turpentine. There is 135 to 140 freight cars moving in and out of the mill daily. Mineral resources are rich and varied. Chief among these is Kaolin, Feldspar. Gold, Silver and Copper ores are found in the County. A large supply of lumber for industrial uses is available from the surrounding forests and within easy reach of Canton.

FARMING AND MARKETING

The country surrounding Canton has many excellent farms and orchards, and a large number of dairies, which rate very high. A ready market is available for all farm and dairy products in this section.

TRADE AND COMMERCE

Canton is the trading center of approximately 13,000 people living in Haywood and adjoining counties. The county population is 37,631 of which 36,708 is white and 923 negro. The labor supply of Canton is high class workers, intelligent, tractable, readily trained, and are 98 per cent native.

WATER AND TRANSPORTATION

The water supply of Canton is derived by gravity from mountain springs and streams. This water is of the finest quality, and is unlimited and dependable, and for emergencies a pressure and pump filter plant is maintained which is capable of furnishing a daily output of two million gallons of water. This water shows an analysis of approximately 100 per cent pure.

Canton is served by the Southern Railway, which has been here since about 1887. Canton has a complete system of paved Highways, assuring up-to-date bus and freight transportation.

CIVIC ORGANIZATIONS

Canton has a number of civic and fraternal organizations, including the Chamber of Commerce, the Lions Club, the Civitan Club, the Exchange Club, Y's Men's Club, Y.M.C.A., the American Legion, the American Legion Auxiliary, the V.F.W., and the V.F.W. Auxiliary, the Senior Woman's Club, the Junior Woman's Club, the American Red Cross, the Masons, Juniors, Dokies, Moose, Odd Fellows, 30th Signal Company of the National Guards.

PREFACE

(Continued from Page 6)

Hydro-electric power for the use of Canton and its industries is supplied by the Carolina Power & Light Company. This company is a unit in one of the great Southern "Super-power" systems, its lines being inter-connected with those of other large producers of hydro-electric power. They have located at Canton one of their large sub-stations, and located in the county is its hydro-electric power dam, furnishing power for this and adjoining states.

BUSINESS INSTITUTIONS

The financial needs of Canton business are met by one strong bank, the Haywood County Bank. Canton has one building and loan institution, operating as the Canton Building and Loan Association. There are located in Canton the following types of retail establishments: Dry Goods, Drugs, Jewelry, Department Stores, Groceries, Markets, Variety Stores, Men's Clothing, Furniture, Hardware, Lumber and Paint, Automobiles, Barber Shops, Cafes, Fuel, Laundry and Dry Cleaning, Florists, and a number of filling stations and garages, Doctors, Dentists, Lawyers, etc.

Street Directory
—OF—
Canton, North Carolina

GIVING NAMES OF HOUSEHOLDERS, THE NUMBER OF OCCUPANTS IN EACH HOUSE AND DENOTING BUSINESS PLACES

VOL. IV 1956-1957 VOL. IV

NOTE—Streets are arranged in alphabetical order. All house numbers are arranged numerically following the description and location of each street, giving the name of householder. The number in parenthesis after name denotes number of occupants in each house.

Dash (—) before name denotes that number is wanting.

(◉)—Before name denotes home-owners.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

MEMORANDUM

This Publication is The Product of a Member of

thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every ligitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
